

# Stained Art Film

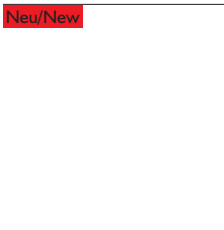

Stained Art Film bietet ein umfangreiches Sortiment an selbstklebenden Farbfolien. In Kombination mit dem Klebeblei von Regalead lassen sich so interessante Glasgestaltungen herstellen.

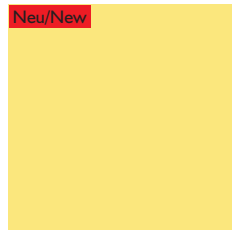

Eine besondere Bedeutung erhält diese Art der Glasveredelung wenn es darum geht Sicherheitsgläser, z.B. Überkopfverglasungen, Treppen- oder Balkongeländer usw., zu gestalten.

Stained art film offers an extensive assortment of self adhesive color foils. In combination with the adhesive lead from Regalead, many interesting glass pieces can be created. This kind of glass decoration has a special advantage when it comes to working with safety glass, for example overhead safety glass, stairs and balcony balustrades etc.

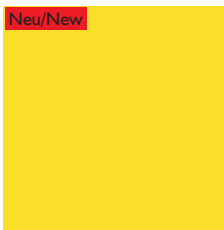

## Plain Colours

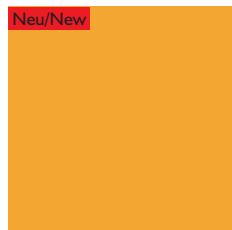

**43 101 00** 66 x 47 cm  
Weißopak / white opaque
